PRODUCTSELECTOR

CREATIVE CLASSICS. BY YOU

A Junckers floor is for real life

There is no substitute for quality. This has been our premise since Junckers began producing solid wooden floors some 80 years ago. Our floors are made for life - meaning real people's real lives, to look beautiful through generations of daily use. We employ unique manufacturing techniques synonymous only with Junckers, and each of our floors bears the hallmarks of remarkable craftsmanship.

Grades and prefinishes from factory

No two trees are the same. No two cuts. No two floor boards. Each plays its own lyrical tune, composed by weather, seasons and forest wildlife for the best part of a century. That's the very charm and challenge of working with wood. A Junckers floor will be unique to you.

To create a harmonious, individual result, we select and sort the wood for each floor. You can choose between three grades of graining:

CLASSIC	A very even colour and uniform appearance
HARMONY	A natural appearance with more colour and grain variation
VARIATION	A very rustic look with lots of colour and graining

Style grading charts on every product are available.

Choice of 4 different finishes from factory, Untreated, Ultra matt lacquered finish, Silk matt lacquered finish and oiled finish.

Junckers ships decking

Wood is a living material that changes slightly with the seasons. During summer periods of high humidity the floorboards will expand a little, just as they will contract during winter and drier seasons, leaving small, natural gaps between them. This is the innate character of wood. However, applying Junckers Ships Decking System, neoprene strips between the boards will absorb the movements so that the floor will look the same all year round. More than that, the visible neoprene strips will enhance each board to create a spectacularly elegant floor that will appear equally harmonious and robust. Whatever the season, let your mind wander to warmer days at the beach.

Bevelled edged 2 strip flooring

By adding a bevel to your 2 strip floor board, you can create a discreet and elegant plank impression

Underfloor Heating

Underfloor heating is an economical, luxurious and very elegant solution without visible pipes and heaters. It works to perfection under Junckers solid hardwood floors

Junckers is chain of custody certified according to both timber certification schemes PEFC and FSC. We cooperate actively with our local partners and international organizations to preserve our valuable forests for future generations.

Junckers Woodcare System

includes a complete range of products for treating and maintaining your wooden floors and over time, you can watch your floors grow more beautiful.

Junckers daily care

A Junckers floor is easy to clean thanks to the high quality and professional finish. Sweeping or vacuum cleaning your floor will get rid of most dust and dirt. To clean a stained floor, damp cleaning usually does the trick. To keep your floors looking stunning, use Junckers professional clean and care products, designed to nourish and maintain the wood while you clean.

Junckers oils and lacquers

Using Junckers professional oils and lacquers, you can create the exact look and surface quality that you wish. Use a discreet finish to let the wood speak for itself or create a distinct look with a surprising colour or finish. Junckers oil and lacquer products are water-based, easy to use and produce a professional and durable result. Should you ever have a change of heart; our solid floors can be sanded again and again, allowing you to start all over again with a fresh design idea.

Junckers Full Range

Junckers offers a comprehensive selection of accessories including solid prefinished hardwood matching mouldings and undercarriage systems.

Textured surface

Junckers unique textured oak floors have an attractive distinct surface that is produced via a special hard-brushing technique developed by Junckers. By moving the softer sapwood from the upper surface of the wood, the tougher and darker heartwood is raised, showing off the lively grain structure in a silky-soft surface.

Textured without colour

Brushed surface without colour is available as untreated, with a clear oil or lacquer on:

2 strip solid hardwood floors

- 14 mm and 22 mm Oak in Classic, Harmony and Variation
- 14 mm and 22 mm Ash in Classic, Harmony and Variation
- 14 mm and 22 mm Black Oak in Harmony and Variation

- 15 mm and 20.5 mm Black Oak in Harmony and Variation.

Single stave floors

classic parquet **stave** patterns

Each of the classic solid single stave block patterns combined with different types of wood will create a unique expression and provide an exclusive feel to your room. The patterns can be used across the entire floor or in various combinations to create friezes and frames. For instance to define a sitting area. Of course, we will also be pleased to help you with a specific pattern of your own design.

FROM
raw beauty
to polished
elegance

Junckers single staves are delivered unfinished, so you can select your preferred surface treatment. Junckers professional surface treatment products guarantee you a very hardwearing and exclusive floor with minimal maintenance. Each type has its own individual expression:

Junckers oil and water-based seals Elegant, lasting glow combined with high resilience and easy maintenance. From matt to shiny gloss.

Junckers foundation and finishing oils Ideal floor treatment that generates exclusive glow, depth and hardwearing strength. You can apply our seals on top for even higher resilience.

Junckers PROFESSIONAL hardwax oil Faster to work with than traditional oils this treatment has better water-repellent properties for a stain-free surface. Scratch resistant and possible to patch-repair.

Junckers Single Stave Blocks are available in the following wood species, dimensions and styles:
